WELCOME TO ROWICO HOME

Home is where everyday life takes place, where friends stay and family grows.

Home is where Friday nights stretches long and Sunday mornings are bright and gentle.

Home is where our carefully crafted Scandinavian interior has a natural place.

Your home is one of the most important places in your life, and when you choose interior pieces from Rowico Home, you can be sure that you are making a good choice for the future.

The materials in our furniture are carefully selected with environmental concerns and nature in mind. Our goal is to manufacture as many pieces of furniture as possible from FSC® certified wood, and we strive to use fabrics with low climate impact.

Choosing high-quality furniture with timeless Scandinavian design will help you enjoy your interior for a long time. Our belief is that good design and sustainability go hand in hand.

INVITING HALLWAY

Step into a warm and welcoming hallway, where every detail is designed to make you feel at home. Featuring the MILFORD collection, the hallway showcases the beauty of Scandinavian design with its clean lines and soft, curved forms. With ample storage for coats and shoes, the MILFORD clothes stand is both functional and beautiful. An inviting hallway is the perfect introduction to the comfort and charm that awaits you throughout the rest of the house.

GATHER AROUND

The MARKHAM dining table is a charming centerpiece for your home, perfect for gathering around for breakfast, meals, or simply enjoying each other's company. Crafted from solid whitewashed or brown oak, it features elegant details such as a curved profile beneath the table and rounded legs. This timeless design ensures its popularity and durability for generations. Pair it beautifully with the stackable MAYMONT chair for a complete dining experience.

The TOMPKINS coffee table, shown here in its square design, is a classic piece of Scandinavian design. Made from solid oak with rounded details on both the tabletop and legs, creating a natural and soft feel. The TOMPKINS coffee table can be combined with additional tables from the collection.

FAMILY TIME

Create a living room perfect for cosy family time. Relax in the inviting DERMOT lounge chair, with its soft, rounded shapes and comforting embrace, ideal for unwinding after a long day.

The NORRIS sofa provides a harmonious blend of comfort and style. Together with the MARKHAM sideboard, which adds elegance and simplicity to the room, it becomes the heart of your living space.

The MACKAY chest of drawers offers timeless charm with its intricate details and classic design, perfect for creating cosy corners.

NATURAL FEELING

Infuse your home with warmth and natural beauty using the DONEGAL and AUCKLAND wool carpets. These hand-woven wool carpets in soft, earthy tones bring a cosy, natural feeling to any room. DONEGAL is made slightly thinner than AUCKLAND, but both create a warm atmosphere.

It is important to place carpets in every room to achieve a cosy feeling. For example, create a workspace with our beautifully crafted rugs and a chair like the GLADSTONE, which features plush padding, swivel, and rocking functions. It is perfect for long hours at your home office desk or dining table.

RELAXATION

Transform your family room into a haven of relaxation with our elegant furniture collections. For example, the PEYTON sofa, upholstered in light beige linen-like fabric, offers timeless comfort with nozag springs and loose cushions. Buy a footstool for maximum relaxation.

Pair it with the TOMPKINS coffee table, crafted from solid oak with a soft, rounded design. The coffee table is available in elliptical, square, and round shapes. Choose between whitewash or brown oak.

RESTFUL NIGHTS

Create your bedroom into a serene retreat with our thoughtfully designed furniture. The RIGGINS headboard and CAMROSE bedside table in whitewash oak add elegance and simplicity to your bedroom space.

Hang your robe in style with the CONFETTI clothes hanger, which blends functionality with modern aesthetics.

Complete the room with the ROSELAWN armchair, an upholstered chair with soft, rounded shapes and a 360-degree swivel function. Together, these pieces create a harmonious and inviting environment, perfect for restful nights.

*Is there a better way to end the day
than with a good book in bed?*

INSPIRING
NEW HOME

We had the chance to decorate Johanna and Janne's new apartment in the 245-meter-tall Karlatornet in Gothenburg. It was a dizzying experience.

When the couple stepped into the apartment, they both felt a resounding WOW!

– It's so amazing to come up to this height and see the fantastic view over Gothenburg. The feeling is dizzying, Johanna says.

Entering a completely new, empty apartment where everything needs to be decorated from scratch is often a challenge, but it's good to find a design of furniture you like to establish a solid base.

– I love interior design and have a quite eclectic style. I go for what I like, ensuring it feels personal. Of course, I still want a cohesive theme throughout the home, so it was perfect to decorate our entire new apartment with Rowico Home's Scandinavian furniture.

In their open-plan kitchen and living room, the apartment was furnished with the beautiful PLAINFIELD dining table paired with AMESBURY chairs. They look lovely together, and the chairs are very comfortable, perfect for enjoying long dinners. In the living room, which flows from the kitchen, was furnished with the DUNCAN sofa and BROOKSVILLE coffee table. They look wonderful together with the dining area. The marble on the coffee table and the light fabric on the sofa provide a nice and harmonious contrast to the dark brown oak.

Rowico Home furniture has also moved into the home office.

– I liked this rounded, neat HADDINGTON console table which also can be used as a desk together with the comfortable PAILSEY chair. It has created a lovely home office, and the view you have in front of you when you sit and work is not bad either, Janne adds contentedly.

Rowico Home furniture has also made its way into the bedroom. The bedroom has been decorated with a hotel feeling.

– We like dark materials and have chosen the REDMOND headboard and CLEARBROOK cabinet for the bedroom. They match so nicely and really give such a lovely hotel feel to the room.

Johanna continues;

– We are completely satisfied with the whole apartment and feel that we have achieved a consistent theme with a uniform feel. And to be able to end the day by looking out the window and seeing this view, that's not bad at all.

Get at hotel feeling in your bedroom with
REDMOND headboard and CLEARBROOK
cabinet, lovely together!

A photograph of a light-colored sofa in a bright room with white curtains and a window. The sofa is the central focus, with its cushions and backrest clearly visible. The background shows a window with white curtains, and a glimpse of a glass door or window frame on the left. The overall atmosphere is clean, bright, and modern.

FURNITURE FOR *LIFE*

Since 1971, we at Rowico Home have believed that surrounding yourself with sustainable, timeless, and well-designed furniture creates a home for you and your family to love and thrive in for many years to come.

The ARRAN coffee table is a sleek piece with a glass tabletop that meets oak, creating a stylish contrast. The round shape of the coffee table adds a soft touch that complements most sofas. The table is available in two different sizes, which can be placed separately or together as a group. It is also available in whitewash oak.

ENJOY CORWIN

The CORWIN sofa, shown here in the Rita light beige (#1) fabric, features rounded black metal legs. With its classic, straight design and loose cushions, it provides a sleek and exclusive feel to your home. It is available in several configurations to ensure a perfect fit for your living space.

The SHELTON coffee table, with its metal legs, is a perfect match for the CORWIN sofa. The tabletop is made of solid wild oak. This modern rectangular coffee table is available in two sizes and also in two more colours; brown and all-black finishes.

This living room has been complemented with the CLEARBROOK sideboard, HAMMOND coffee table, ROSELAWN sofa chair, and a dining area featuring the FRED dining table and ALISON armchairs. Everything you need to create a delightful ensemble in the room.

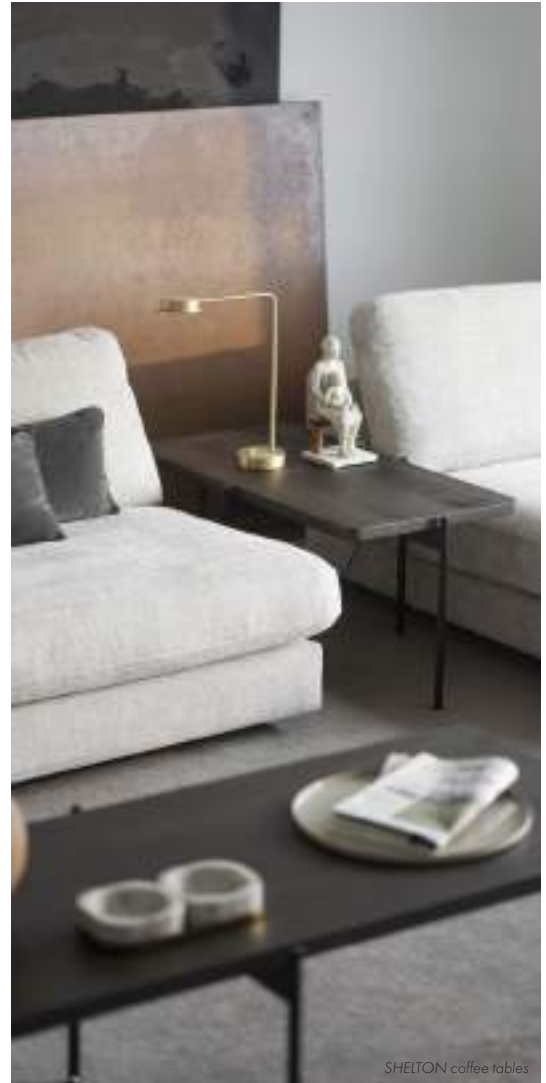

TIMELESS BRADEN

With its timeless, classic design, the BRADEN 3-seater sofa fits well in most homes. The side cushions that extend down beside the seat cushions are a stylish design detail that enhances the sofa's character.

The seat features nozag springs for even and lasting comfort. The rounded legs, made of solid oak, offer flexibility as you can choose between three different colours: lacquered oak, brown lacquered oak, or whitewashed oak.

FLEXIBLE DUNCAN

The DUNCAN sofa offers delightful comfort and generous seat depth, providing fantastic comfort to sink into.

The sleek design makes the living room modern and inviting. The collection consists of several different modules, allowing you to customize the sofa group according to your wishes. Each module is fully upholstered and can be used either separately or assembled with other modules, perfect when you want to refurnish or move the sofa to another home.

Complete the sofa group with armchairs, chaise lounges, or footstools.

WILLARD LOUNGE

WILLARD is a minimalist and modern lounge sofa with a Scandinavian design. Its soft and straight shapes give your home a warm and inviting feel.

You can decide the shape and size of your modular sofa, tailoring it to your needs. Whether you're moving to a larger home or simply want a bigger sofa to relax on, you can add more modules.

WILLARD is manufactured in Europe and is FSC® certified, meaning all the wood used in the sofa comes from sustainable forestry. This makes your choice not only a stylish addition to your home but also a responsible one.

COSY RAWLINS

The RAWLINS sofa, offering irresistible comfort, is manufactured in Europe and FSC® certified.

Its design features four decorative pillows that create a harmonious balance between softness and support, allowing you to have a cosy time and relax in its generous seat depth.

High-quality materials ensure you can enjoy this sofa for many years to come. For added comfort or more seating, complement the sofa with the RAWLINS footstool.

COMFORTABLE CHAIRS

To sit comfortably for long periods in the heart of the home, the dining area, you need a comfortable chair.

The CONKLIN armchair, with its metal base and simple design, features a plush padded seat, allowing you to sit comfortably at the dining table for extended periods.

The popular ALISON chair and armchair, shown here in beige and black leather, come with a swivel function. You can choose between metal or oak legs. The chair is perfect around the dining table but also works well as an occasional chair for the desk. Also available in different fabrics.

The KATO chair, available in solid whitewash or natural oak, now features a seat and backrest in durable grey-beige fabric. The rounded backrest makes this wooden chair very comfortable, perfect for dining areas where sleek design meets comfort.

HALLWAY, HEADBOARDS & CARPETS

MILFORD hallway

The MILFORD hallway collection creates an exclusive feeling for the hallway, while being a timeless design that will last for many years.

MILFORD is made of solid lacquered oak with metal hooks on the hat rack, clothes hanger and hanger. The collection is available in black lacquered oak, whitewash and lacquered oak.

Thanks to the straight end on the shoe stand, it is possible to mount several shoe stands on top of each other and create a double hat rack.
