# CEMENT LINE

L'effetto cemento è il cuore della CEMENT LINE dove, attraverso un micro intonaco a base di graniglie di marmo selezionate, calce e leganti biodegradabili, nasce una linea di sedie, sgabelli e tavoli dal design contemporaneo.

*Cement effect is the heart of the CEMENT LINE. CEMENT LINE is a collection of chairs, stools, tables and decors with a contemporary design realized through the use of a micro plaster made of selected marble granules, building lime and biodegradable binders.*

## CRAFTSMANSHIP

Tutti gli articoli della cement line sono fatti a mano grazie all'esperienza di artigiani che, tramite l'utilizzo di spatole e frattoni, rendono ogni pezzo unico come un'opera d'arte.

All cement line products are handmade thanks to the experience of our craftsmen. Through the use of spatulas and trowels, they make each piece unique like a work of art.

# STEP STRINGS

Sedia in corda con struttura della seduta in acciaio verniciato e basamento 4 gambe in legno con fissaggio gambe in alluminio. La seduta strings nasce dall'unione del basamento 4 gambe in varie essenze di legno e seduta in corde di poliestere con una finitura in cotone che esprime calore e comfort in qualsiasi tipo di arredo.

String chair with seat structure made in painted steel and 4 wooden legs base with aluminium fixing. The concept of the chair was born from the idea of recreating the warmth and comfort of the fabric with the use of strings with a cotton finish.

## HAND MADE

La collezione strings evidenzia una lavorazione artigianale dove sia la struttura che la cordatura sono eseguite a mano con cura e precisione esaltando la qualità della seduta.

The strings collection shows an artisanal manufacture where both the structure and the stringing are handmade with care and precision.

# RADA

Sedia impilabile in rete stirata, struttura in acciaio, verniciata previo trattamento cataforesi, con e senza braccioli. Uso interno e esterno.

La rete stirata, elemento dominante della seduta, richiama lo stile retrò industriale degli anni '80. Robustezza e praticità d'uso sono gli elementi di spicco della seduta. Adatta ad uso interno e esterno grazie al trattamento preventivo antiruggine e alla verniciatura a polvere per uso esterno. Le numerose colorazioni disponibili permettono di collocare la sedia RADA in numerose location.

Stackable chair made in stretched grid with steel structure painted after a treatment against rust available with or without armrests. Indoor and outdoor use.

The expanded mesh, the dominant element of the seat, recalls the industrial retro style of the 80s. Robustness and practicality of use are prominent elements of the chair. Suitable for indoor and outdoor use thanks to preventive treatment anti rust and powder coating for outdoor use. The numerous colors available allow you to place the RADA chair in numerous locations.

# NICO LESS

designed by Primoz Jeza Studio

Sedia ecosostenibile grazie alla seduta prodotta per il 70% da materiali derivanti dalla plastica riciclata e per il restante 30% in feltro. La sedia Nico Less è la risposta alla necessità di ridurre il nostro impatto sul pianeta e riscoprire i rifiuti come materiale industriale del futuro. Impilabile in altezza e perfetta per qualsiasi location. Cuscino presente su richiesta.

The Nico Less chair is an eco-sustainable chair, made by plastics resulting from recycling and felt. Nico Less chair is the answer to the human need to reduce our carbon imprint on the planet and to rediscover waste as an industrial material of the future. The chair is fully stackable and suitable to any location. Pillow available on request.
