Web Paper

Following the warm reception of the first edition, we are happy to bring a new issue of our Web Paper, our most interactive and spontaneous catalogue. A journey around our website in printed format, designed consciously for you so you can instantly discover everything we are and what we stand for in the design industry.

If you seek more information, we recommend to visit our website and our Professional Area as it holds everything you may need. A dynamic virtual space that is open 24/7 and updated daily to offer the best user experience to work comfortably with us.

Welcome to the place where everything happens. *Welcome to*

viccarbe.com

On each page of this catalogue you will find a QR code. We invite you to scan them to continue to enjoy the latest content and novelties in our collaborative collections.

NEW SEATING SOLUTIONS

2024

Perxa

Designed by Piero Lissoni

Perxa captivates with its generous proportions, crafted to embrace all users and ensure exceptional comfort. Made to last with a solid ash wood backrest and comfortable armrests, meticulously detailed with smooth curves and precise angles, Perxa offers exquisite versatility, seamlessly fitting into any context—be it office, hospitality, or residential settings. Whether in meeting rooms, as a guest chair in offices, collaborative spaces, focus hubs, or even private living rooms, the collection by Piero Lissoni infuses warmth and tranquility into the atmosphere. A timeless wooden chair with the soul of a contemporary icon.

Proportion and balance. Piero Lissoni in its purest form

Perxa bleached oak, white structure and Burin table.

Perxa matt oak, black structure.

Stackable Perxa matt oak, black structure.

In the words of...

Piero Lissoni

Since 2010, we have had the privilege of collaborating with the renowned Italian designer Piero Lissoni, a partnership that first blossomed with the launch of the iconic Season bench. This marked the beginning of a creative journey that has since expanded into the Season collection and the contemporary Ears range. We are now thrilled to introduce Perxa—a beautifully crafted chair that embodies a sleek, minimalist wooden design with generous proportions. This is Lissoni at his finest, showcasing his signature style in its purest form.

Could you tell us a bit about the inspiration behind the Perxa collection?

Viccarbe approached us with the idea of creating a versatile, stackable chair that would seamlessly blend functionality with timeless design. These shapes bore a striking resemblance to the traditional oars, or "Perxa," used in the Valencia region, which immediately sparked a deep connection with Viccarbe. This link between local craftsmanship and contemporary design not only shaped the aesthetic of the chair but also gave the collection its singular name.

What were the most important aspects you considered when designing Perxa?

One of the key priorities when designing Perxa was to reduce the wooden elements to their essential form, creating a chair that felt light and elegant without sacrificing strength or functionality.

How do you envision the Perxa chairs being used in different collaborative environments, such as offices, flexible workspaces, restaurants, or homes?

Perxa's refined aesthetic and timeless design make it incredibly versatile. Its minimalist form and lightweight structure make it an ideal multipurpose seating solution for a variety of settings.

In what ways does the Perxa collection reflect your overall design philosophy?

The collection reflects my design philosophy of simplicity and elegance, emphasizing attention to detail. Great design arises from removing the unnecessary, focusing on essential, visually striking, and functional forms. With Perxa, this approach is evident in the clean, minimalist lines and the harmonious blend of materials, where every element serves a purpose without compromising the chair's aesthetic appeal.

Describe Perxa in 3 words.

Elegant, pure and light.

Perxa chair upholstered seat and Trestle table.

2023

Noha

Designed by Ludovica Serafini + Roberto Palomba

Noha is a simple gesture, a pillow folded in the act of providing a comfortable seat, highly versatile, perfectly fitting into both workspaces and beyond. Our broadest and most ambitious range up to date, designed to create inviting and inspiring corporate environments. It is a collection aimed at bringing the pleasure of living into the office, so that this space can achieve the levels of hospitality, kindness, and refinement found in a domestic environment. Hence, a simple gesture that also becomes a technical object while maintaining softness, vision, and the sense of warmth that we find in residential settings.

Left to right: Noha Executive swivel wood base, Noha chair flat swivel base and armrests, Executive on casters, chair metal base, armrests and chair flat swivel base and armrests.

Aleta Executive

Designed by Jaime Hayon

With great taste, Aleta Executive was introduced to our iconic Aleta collection in collaboration with artist-designer Jaime Hayon, with the clear purpose of transforming corporate spaces into sophisticated atmospheres to grow and feel inspired. Available as a chair and a lounge chair, Aleta Executive offers multiple finishes and bases, and the possibility of having the outside of the backrest in wood, a premium finish that confers sophistication which is ideal for presidential offices, meeting rooms but also for living rooms and singular home-office corners.

2017

Aleta

Designed by Jaime Hayon

In 2017, the Aleta collection saw the light, combining the organic and friendly shapes of the artist-designer Jaime Hayon with the comfort and warmth provided by our Mediterranean influence. Today, Aleta is one of our great icons. A best-seller with endless possibilities that matches every scenario and is an essential piece of international projects, helping to transform spaces and connect users.

The broad collection includes a chair and a lounge chair available in executive and standard versions, a stool and a low table. With different bases in wood or metal, casters or swivel, practical armrests and the possibility of being upholstered in any of our graded-in fabrics.

The soft curve of Aleta's backrest reflects Hayon's eclectic personality that fuses art and design

Aleta Stool

Designed by Jaime Hayon

Aleta stool metal base.

Aleta stool swivel base.

A fun and spontaneous design by Jaime Hayon with an iconic silhouette to lift every space

Aleta stool metal base, high backrest.

The iconic silhouette designed by Jaime Hayon, materializing the movement of shark fins gliding through water, is present in each of the pieces that make up the Aleta collection. The stool is that fun and spontaneous design that helps to add a touch of relaxed sophistication to bars, restaurants, casual meeting areas and hospitality environments. Available with two backrests, two heights —bar and counter— and two bases —swivel and fixed— the Aleta stool looks great in every scenario. A sleek contemporary design that enhances conversation, making the time fly by.

Aleta stool swivel base, low backrest.

2018

Burin

Designed by Patricia Urquiola

Burin with Noha Executive chairs.

Designed by Urquiola, Burin's silhouette plays tribute to the traditional wood carving tools. With Burin, you can combine different finishes, heights and dimensions to shape the ideal table, available for indoor and outdoor spaces. In restaurants, choose Burin with single and double bases. In meeting rooms and presidential offices, choose triple. In living rooms, single and perhaps double. And a bonus: convenient integrated electrification options can be added, helping to gain agility and stay connected for as long as required. A sculptural yet very practical design table for working and living.

2019

Copa

Designed by Ramos & Bassols

Copa joined our collaborative collection to represent the ultimate version of comfort. Its innovative extra wide seat and friendly shapes are ideal for office environments and especially comfortable for homes or spaces dedicated to hospitality. Its silhouette, inspired by the shape of an elegant crystal glass, encapsulates a perfectly balanced collection to remain seated for hours. Available as a chair, lounge chair and stool, with different bases, regular or soft seats for extra comfort and multiple finishes to create the design that best suits your spatial requirements.

2012

Maarten

Designed by Victor Carrasco

With Maarten, we placed people who would enjoyed design and comfort at the very center of the equation. Maarten chair's story is one of contained minimalism: surprisingly synthetic in its silhouette but extraordinarily welcoming in its soft version. A very defined structure and a seat that is pleasant to the touch as to the sight, inviting you to remain seated for hours, and that—depending on the base and finish you choose—is capable of immersing you in the intimacy of a residential space, in the versatility of an installation or in the comfort that projects dedicated to hospitality seek. Polypropylene version available, an all-rounder for educational and contract projects due to its excellent quality-price ratio.

Left to right: Sled, pyramid swivel on casters and armrests, wooden swivel and armrests, wooden base, pyramid swivel base and armrests.

2012

Maarten Stool

Designed by Victor Carrasco

Stackable Maarten chair and stool sled base.

The Maarten stool was created to provide designers with a comfortable and effortless piece with practicality, comfort and longevity in mind. Choose Maarten when looking for an iconic upholstered stool to upgrade the bar game or when seeking the perfect stackable design to stand the test of time. The smooth outlines of its silhouette embrace the back properly, achieving great comfort. A versatile stool collection with a remarkable aesthetic to bring character into any room.

2016

Sistema

Designed by Lievore Altherr Molina

A modular seating collection with endless options and connectivity to transform spaces

Sistema Legs sofa and bench.

Sistema Floor sofa and Bamba low table.

In the form of a sofa, bench, or a lounge chair and with the possibility of being as modular as the user requires, the Sistema modular seating range adapts to the specific needs of each space: without stridency and with the exact dose of personality that converses with everyone who sits on it. Its different modules can combine with each other, helping to achieve more balanced spaces.

The sofa brings two versions: Floor and Legs. Sistema Legs can include a free-standing auxiliary table, designed by our creative team to promote new behaviours in hybrid spaces. Far from rigid workstations, this table allows users to perform from more comfortable locations: a quick coffee in the office, taking notes in informal meetings, or supporting the laptop whilst teleworking.

☺ This collection allows for electrifications. Check page 48.

2013

Common

Designed by Naoto Fukasawa

A magnet to make people come together, the perfect gathering spot for soft collaboration

Common bench and Burin Mini.

Common bench, different modules.

As it usually happens with Naoto Fukasawa's design, the Common bench has managed to transform the object's surrounding into a friendlier place. Through its different modules and measurements, Common has been able to maintain a constant theme, with a silhouette as resounding as it is curved. It is a magnet to make people come together and the perfect gathering point to promote soft collaboration in highly technological and fast paced environments. The versatile bench can include practical and discreet electrification options, a must to improve productivity and efficiency at the workspace and further.

☺ *This collection allows for electrifications. Check page 48.*

2015

Season Chair

Designed by Piero Lissoni

Season chairs Outdoor.

Scan for more

Everyone who sits on a Season chair is pleasantly surprised. Perhaps due to its hidden casters, that enable full movement that rise our inner child. Maybe it is its comfortable silhouette, embracing the back and allowing warm after-dinner conversations for as long as the body can stand. And there is more, its practical technical fabric located at foot height adds strength and durability to the design.

Season chairs with hidden casters and Cambio table.

Season Sofa

Designed by Piero Lissoni

From Piero Lissoni we learnt to simplify shapes and to relax the concept, revindicating Mediterranean creativity with pieces in which comfort is accompanied by surprising and unexpected details. The play between volumes is constant in the versatile Season sofa collection, with three different sofa modules available that enable fun compositions to shape welcome areas, restaurants, collaborative zones, halls and staff break rooms. The result is a game of geometry with fair proportions, surprising comfort, enduring versatility and a heartening human approach.

⌚ This collection allows for electrifications. Check page 48.

Season sofa and Burin Mini.

2014

Season Pouf

Designed by Piero Lissoni

Season represents the balance between simplicity and a carefully thought design. A collection of friendly poufs with a fun design and great durability for high-traffic areas, thought to bring new ways of interaction and soft collaboration in the office. The poufs work as an additional seating solution thanks to its optional hidden casters, its multiple electrification options and the endless finishes available, making them suitable for environments where agility and dynamism prevail. As a true game of geometric shapes, the collection covers all the needs that may arise in intermediate spaces, workplaces and, of course, collaborative areas.

Season Bench

Designed by Piero Lissoni

Scan for more

Season bench and pouf.

With the Season bench, designer Piero Lissoni was able to evoke the posture of a relaxed person as elegantly as possible. Simulating a sculptural and emphatic piece, its force gives the user all the freedom of a bench that does not impose, but suggests. It was born in its day as a novel product category that –thanks to the upholstery and its sinuous silhouette– would bring greater warmth and kindness to contract projects. Its streamlined proportions, connectivity options, singular shape and two heights allowing different seating positions, make Season a very valuable design element.

☺ *This collection allows for electrifications. Check page 48.*

CONNECTIVITY & FLEXIBILITY

Our designs are a meeting point for comfortable working, the place to initiate conversations, exchange ideas, collaborate and carry out focus work. This is why many of our lounge chairs, sofas, poufs, benches, tables and low table collections can integrate practical and discreet connectivity solutions, allowing to charge electronic devices easily and whenever you require, avoiding interruptions and keeping creativity running.

1. Integrated USB powerbox or socket

2. Cone powerbox

3. Under seat powerbox

4. Portable table with USB port

5. Integrated USB port

1, 2, 3, 4 & 5 are available for upholstered products (lounge chairs, benches and sofas).
6, 7, 8, 9, 10, 11 & 12 are available for non-upholstered products (tables and low tables).

Practical and discreet connectivity solutions to keep creativity running

6. USB port with battery for in & out

7. Powerbox under tabletop

8. Integrated socket

9. Integrated USB port

10. Powerbox

11. Hidden powerbox set

12. Pop-up sockets

To increase comfort whilst working from any of our tables, we have included specific connectivity solutions for your needs for indoor and outdoor spaces, so you only have to take care of bringing out the brilliant ideas and we can sort out the rest.

2022

Savina

Designed by Victor Carrasco

Savina joined our collection to enhance soft collaboration. A pleasant cloud sofa that presents a new universe of comfortable working and lounging solutions for every hybrid space. Due to its soothing silhouette and its multiple compositions, we like to call it an island of collaboration, a reassuring spot to gather, work and retreat.

The collection includes a lounge chair, a chaise longue and a sofa, all available in multiple compositions and finishes. With discreet electrification applications and optional hidden casters, helping to gain agility and facilitate its transport whenever it needs to be moved around or relocated.

The soft shapes in Savina and its timeless appeal create a secure space for conversation

Savina different modules, including chaise longue.

Savina Outdoor sofa and Maarten Outdoor low table.

ⓘ This collection allows for electrifications. Check page 48.

2014

Trestle

Designed by John Pawson

Trestle is the natural meeting point between the different characters that inhabit a space

Trestle table and Noha chairs.

In 2014, English designer John Pawson translated his inherent minimalism to the exquisite Trestle collection of tables with matching benches. A minimalist and natural meeting point that eases the path to follow and gives meaning to interior design projects.

The craftsmanship behind Trestle's production process uses the best noble materials, such as wood from controlled timber sources, which convey warmth and richness to its minimal design. The table collection can include practical and discreet electrification options, following an innovative mechanism that hides cables through the leg, leaving everything tidy.

☺ *This collection allows for electrifications. Check page 48.*

TIMELESS DESIGNS FOR EVERY PROJECT

Office

Corporate interiors, hybrid workplaces, and collaborative offices that put people and their wellbeing at the center.

Hospitality

Uplifting hotels, resorts and well-being centers to relax and unwind, no matter the location.

Bars & Restaurants

Upgrading the dining experience in culinary gems around the world.

Retail

Commercial interiors, showrooms and flagship stores where comfort and design are key.

Our collaborative designs are chosen by the world's top interior designers and architects, to help them transform spaces into inspiring hubs that foster collaboration. We are part of renowned international corporations such as Apple, Google, Orange, Dior, IBM, Hyundai, Microsoft, Spaces, Godiva or the Warner Bros Studios, to name a few.

The versatility of our collections is endless. Depending on the chosen finishes, our designs adapt to every indoor and outdoor scenario, adding a warm feeling to the atmosphere.

Residential

Inspirational homes with a contemporary allure to celebrate, live and grow.

Outdoor

Inviting exterior spaces seeking to harness its potential and use it frequently as a more open and natural extension of the interior.

Healthcare

Healthcare and senior living projects that trust in design to improve the lifestyle of our beloved ones.

Educational

Active learning educational centers to shape the talents of tomorrow.

Funda

Designed by Stefan Diez

The commitment to maximum sustainability and comfort shapes Funda, the range of seats conceived by designer Stefan Diez. The collection —made up of chair, stool, lounge chair, and a bold version— is presented as a construction made up of two differentiated parts, two pieces capable of extending the life cycle of the product indefinitely. Designed to last, Funda has a curved and friendly shape, combined with a singular upholstery known for its wrinkles. In this way, Funda manages to evoke the maximum expression of comfort for workplaces and further.

Shaped to promote circular design
and create reassuring corners

Funda chair and Trestle table.

Funda fixed bar stool.

2019

Quadra

Designed by Mario Ferrarini

Quadra is inspired by a dance of two figures, turning in complete harmony, in dialogue, embracing. A *'pas de deux'* between a technical, metal slim structural core and the warmth of wood. Dressed differently, the two bodies display a sense of alchemy from every angle. Just like the compass of the architect and the paper on which he draws. A surprisingly comfortable chair, fully capable of resisting the test of time with firmness, which is perfectly prepared to be placed in all types of spaces and interior design projects. Quadra balances simplicity with durability, versatility with the personality of a great icon. Available in multiple finishes and with a stackable version, making possible to arrange up to 10 units together.

Ears

Designed by Piero Lissoni

Scan for more

Ears wooden legs and Cambio table.

Ears bar stool.

Italian designer Piero Lissoni devised Ears, a wooden collection of chairs and stools with a comfortable and enveloping design, as light in terms of materials as it is resistant to aging. Ears' sinuous shapes keep intact a style capable of reminiscing the mid-century icons. Its balanced proportions makes it an ideal option for collective and private areas: meeting points, restaurants, auditoriums, educational spaces, libraries and collaborative offices.

2014

Klip

Designed by Victor Carrasco

The Klip family has become the great ally of corporate and educational spaces around the world, from large orchestra rehearsal rooms to canteens and library reading areas. But the list goes on: desks, areas for workshops, auditoriums, classrooms, collaborative areas, theatres, and spaces in between. It knows no limits as a seat. Klip combines design and functionality all in one. Upholstered, in wood, on casters, swivel, as a chair, and as a stool, Klip's possibilities are endless.

Zoco with and without casters.

Zoco black base and casters.

A well-balanced rounded silhouette,
full of movement and deep comfort

Zoco Outdoor white base and Trino Outdoor low table.

Zoco is a comfortable lounge chair designed for collaboration. Modern, with a well-balanced rounded silhouette and full of movement, its cushioning is pleasant and provides instant comfort when sitting on it. Its four legs can include optional casters and a handle for agility taking it from one place to another. Great when seeking to improve focus in training and meeting rooms, make an impact in welcoming areas and achieve balance in any corner of the home.

Zoco black base.

2007

Levitt

Designed by Ludovica Serafini + Roberto Palomba

Since 2007, the sensual and suggestive shape of the Levitt collection has been able to endure over time: evolving and being able to assume new upholstery. Levitt literally embraces every guest who sits on it. Its silhouette is a good-will statement, an exercise in pure ingenuity, of friendly design thought by and for people. Available as a lounge chair and a sofa, Levitt is that piece created to be observed from every angle.

2022

Funda Bold

Designed by Stefan Diez

Funda Bold with matching ottoman and Window coat hanger.

Following the great success of the Funda collection, we extended the range with Funda Bold, an oversized lounge chair with a matching ottoman, designed also by Stefan Diez. Funda Bold represents the balance between precision and the human-centered approach of its designer. His constant search for both industrial innovation and visual appeal has achieved a collection with curved and friendly shapes that fosters circular economy and deep comfort. Its development has been based on combining a metal structure, designed to last over time, and an upholstered seat that can be replaced after years of use or severe wear and tear. Bold comfort reinvented.

Aleta Lounge

Designed by Jaime Hayon

Aleta lounge is comfortable, inviting and very aesthetic. Two different bases— in wood or metal—shape this welcoming and singular design by artist-designer Jaime Hayon, thought to lift collaborative workspaces, restaurants, and homes, adding that fun yet sophisticated tweek to the atmosphere. As a plus, Aleta lounge can be produced with or without armrests, making it an icon to add comfort whilst waiting in a reception area, having a solo moment at the office or in presidential rooms.

Ace

Designed by Jean-Marie Massaud

Ace metal base and Ryutaro low table.

Ace wooden base and Burin Mini.

Ace is one of those designs that are born with that *je ne sais quoi*, returning us to the most essential and absolute comfort. As a product, it will subtly attract our attention with its slightly wrinkled and friendly upholstery. It will welcome us and, ultimately, give us the space we need to reconnect. In recent years, Ace has been incorporated into the workspaces of large multinationals such as Nike or Toyota. In some as a space for informal and collaborative meetings. In other, it was also incorporated in an individual format: located inside private offices or rest areas, and set up as a place to go in search of a universe of one's own. It's time to regain a sense of well-being.

Step Lounge

Designed by Vincent Van Duysen

Finding balance between endurance and comfort, Step was born as a modular system of sofas and lounge chairs in which the designer could compose and create his own seating solution for collaborative spaces. As a lounge chair, Step is everything a contract project would need: a minimal aesthetic, an immaculate durability and optimum comfort to keep users sitting straight but relaxed. Choose between narrow or wide armrests to find the best fit for your space.

⌚ *This collection allows for electrifications. Check page 48.*

Step lounge chair wide armrests.

Savina Lounge

Designed by Victor Carrasco

Savina lounge chairs and Serra low table.

Savina joins our furniture collection as a modular collaborative island. As a lounge chair, Savina is truly comfort and therefore, highly recommended for lounges and welcome areas of corporate offices but also great to create cozy reading corners in living rooms. The lounge chair is ideal for solo working yet powerful for casual team meetings when combined with the sofa of the same range. The collection can include practical hidden casters, making it easy to relocate or move whenever required.

Sistema Lounge

Designed by Lievore Altherr Molina

Sistema Legs lounge chair and Serra low table.

Sistema Floor lounge chairs and Cambio low table.

This lounge chair is part of the iconic Sistema collection designed by Lievore Altherr Molina in 2016. A refined lounge chair with multiple possibilities as you can have it with or without legs, with different armrests and even with multiple backrest heights, offering great adaptability. Its comfortable seat facilitates individual work and interesting conversations at the office. With friendly and pleasant shapes for residential projects and a comfortable appeal for contract and hospitality spaces, Sistema is a design that fits smoothly in all kinds of contexts.

Copa Lounge

Designed by Ramos & Bassols

With an elegant four-legged base made in wood, Copa lounge landed in our collection keeping proportions and comfort as the main premises. Its height —slightly lower than that of the chair — is perfect to create secure spots in which to conversate and collaborate in workplaces and beyond. It has been shown that, at a lower altitude, there is a greater likelihood of reaching greater understanding and trust between people. Why don't you give it a try?

Penta

Designed by Toan Nguyen

In the case of Penta, we sculpted a statement lounge chair with very thoughtful proportions, generating a kind of connection between everyone who saw it for the first time. A design created to be the perfect guest chair for presidential offices, receptions and lounge areas. And there is more. Unexpected details in Penta are capable of bringing a smile to anyone who ends up sitting on it. Discreetly, Penta can incorporate a practical swivel base. An invisible detail capable of changing the attitude between partners in the same space, leading to successful conversations.

Fedele

Designed by Victor Carrasco

Fedele lounge chairs and Step sofa.

Fedele was designed to become an acknowledgment to people. This is what its name means in Italian: faithful. It was born from honesty, from the perfect balance between its rounded forms and its friendliness. Without going far from reality, the collection is loyal and lives at the service of all of us. To stay at the time and place, to wait in intermediate zones. To facilitate, to let collaboration happen. Made to order in Spain following your needs, Fedele embraces everyone who sits on it.

Brix

Designed by Kensaku Oshiro

With Brix, we manage to synthesize in a single design the function of a seat and an auxiliary table. Along with Kensaku Oshiro, we satisfied this need with simple geometric shapes of surprising comfort. Collaborative spaces have been redefined to search for greater concentration whilst maintaining connections between people. Rooms that encourage concentration, inspire and are also a place of interaction, visually stimulating and long-lasting. Brix is great for this, allowing the creation of elegant configurations in common areas thanks to its geometric design and dimensions. It is a multi-purpose seat intended to make the user's life easier at a time when agility is a priority.

Nagi

Designed by Tomoya Tabuchi

Nagi low backrest.

Nagi rocking base, Giro low table and Step sofa.

Nagi was born swinging between the present and the future. Wishing to define the future from calmness and reflection. Nagi makes corporate spaces more pleasant, holding the people who needed to take a solo moment, either in its high or low back version, in its fixed or in its modern rocking chair model, letting its silhouette simply pick them up for a moment. A special connection to boost concentration away from our fastly paced lives.

2017

Maarten Lounge

Designed by Victor Carrasco

An ideal complement to informal meeting spaces or reception areas in large corporations or modern homes. Maarten Lounge has a slightly lower height than the chair of the same collection and a wider and more generous seat. This lower height is ideal to foster the exchange of ideas and make users unwind whenever they need to. Maarten's contemporary vibes can make any corner feel even more inviting, providing the necessary dose of flexibility to spaces in which one can let communication and encounters flow. The generosity of its seat and its optional armrests add a great balance to any room that is in the search of comfort and design.

Maarten lounge wooden swivel base and armrests with Step sofa.

2005

Wrapp

Designed by Marc Krusin

Wrapp wooden base and Serra low table.

Wrapp swivel base.

The function and form of the Wrapp lounge chair represents the name that it bears. As a good hostess, Wrapp welcomes, surrounds and takes care of the people, creating a reassuring spot in which to concentrate, lounge and disconnect. A lounge chair with a singular silhouette, made for offices, hospitality interiors, hybrid spaces and residential projects, with an unforgettable aesthetic and two bases—wooden and metal—that help to create the best impression.

2022

Cambio

Designed by Victor Carrasco

Cambio tables in different heights.

Cambio grows naturally, offering even more collaborative solutions for hybrid spaces

Cambio double base and Maarten stools.

The best relationships as well as the finest designs evolve only in a very natural manner. Our wish was simple, transiting from a square to a round surface with kindness and fluency. This is how the Cambio collection of tables was born. A range of central bases, with discreet electrification options and many possibilities for tables intended to work, dine, lounge or unwind with comfort and grace.

The height of 105cm | 41.3” comes to the Cambio collection, offering even more collaborative solutions to singular spaces. The options multiply. Combine heights, shapes and finishes to create the best table to work and enjoy.

Foro

Designed by John Pawson

Easy wire management system through Foro's leg.

A table made for conversation, idea exchange, and collaborating

Foro table with powerbox and Aleta chairs pyramid swivel base.

Dominated by a clear minimalist aesthetic, Foro is a solid oak wood table brought by designer John Pawson to convey warmth, dimension and durability to any working or living environment. The table collection can include discreet electrification options with special wire management through one of its legs and is available in different sizes and oak finishes. A collaborative table concept made in Spain and designed to encourage comfortable gatherings, conversations, and celebrations.

Foro table and Perxa chairs.

2023

Fuste

Designed by Victor Carrasco

Warm, balanced, and subtle. Fuste is our tribute to classic architecture. A collection of solid wood tables, designed to be the nexus where meetings, gatherings, and feasting encounter. Its visually light tabletop—available in oval or rectangular shape—contrasts with the thin vertical lines in its textured legs, conveying a special allure to its almost sculptural design. Fuste can include discreet electrification options, making working on it super convenient.

Trivio

Designed by Jasper Morrison

Trivio table and centrepieces.

A bistro table in wood with one measurement, one height but endless combinations

Trivio table and Maarten chairs.

Our first joint-venture with Jasper Morrison, a collaboration which has matured in time, slowly and thoughtfully. The result is Trivio, a bistro style table in wood with one measurement, one height, but endless color combinations. Trivio's centrepiece connects and conveys character to the rest of the table, rising its particular name. The table can include practical electrification options and is ideal for restaurants, canteens, libraries, and domestic and corporate spaces.

☺ *This collection allows for electrifications. Check page 48.*

2014

Maarten Table

Designed by Victor Carrasco

Maarten has infinite uses, as well as finishes, shapes and sizes as you may require. Its minimalist soul contrast with the ease of connection with the end user. This family of tables in regular and low heights knows how to put values such as closeness into practice. It does not conform to usual shapes like a circle or a rectangle. Its tabletops range from large diameters to more contained widths, always with unique and recognisable shapes, capable of going beyond the norm and approaching the most human facet of design. With Maarten, the possibilities are endless, even allowing for electrification and casters.

Last Minute

Designed by Patricia Urquiola

Last Minute stool bar height.

Last Minute stools and Trestle table counter height.

Masterfully envisioned by Patricia Urquiola, the Last Minute stool became our first international collaboration with a designer. To achieve the stool's singular silhouette, we embarked on many challenges until we found the perfect one: a last minute version, the final design that was perfect and originated its particular name. Urquiola's deep perfectionism taught us how to find success based on effort, taking always care of the smallest details and betting on praising the differential value of each piece. Available in three heights and multiple finishes to complement any space.

2018

Torii

Designed by Ludovica Serafini + Roberto Palomba

Timeless Torii bench was born as a simple yet elegant seating system, capable of projecting a great identity. Torii is composed of two wooden pieces connected by a very recognizable metal structure. Torii stands out not only because of its front perspective, but also because of its fine back. The bench is an evocative inspiration and a kind approach to the gateway in Japanese temples. Torii respond to all needs as it has the same height as a chair and its clean lines makes it easy to perform in any space.

Trestle Bench

Designed by John Pawson

Trestle bench upholstered and Trestle table.

Trestle bench and Serra low table.

Trestle bench, upholstered.

The Trestle bench is the perfect complement to the Trestle table. A well thought-out minimalist design with just the right amount of personality and comfort, making it an essential in meetings or celebrations. Perfect also when placed individually in high-traffic intermediate spaces, corridors or halls, the bench radiates the same essence that we find in all the elements by the British designer. Once again we enjoy an exercise in maximum functionality and minimum prominence. Trestle was born for sociable spirits and for collective spaces.

The Collaborative Outdoor

The Collaborative Outdoor is raised to foster connections, creativity, observation, inspiration, and the personal growth of our teams, connecting us to nature and bringing back our cultural roots. Nature stimulates reason and emotion. It is the perfect canvas to start creating. With this in mind, some of our iconic collections move outdoors, offering more than just products, but solutions to enjoy and appreciate the *alfresco* area as an extension of the office and workspace. Feel, live, collaborate and engage outdoors with Viccarbe.

Collaboration is in our DNA as our Mediterranean city has been the meeting point of multiple cultures over centuries. This is reflected in our collections as our aim is to create them with the world's leading designers. We feel proud they wish to reinterpret our Mediterranean lifestyle and materialize it into kind, comfortable and longlasting furniture icons. It is this blend of cultures and backgrounds what defines us and makes us different.

Low tables

Burin Mini

by Patricia Urquiola

When design meets functionality. This is our low table collection, available in multiple sizes and shapes. A fantastic way to complement spaces, adding a much more holistic approach to the scene.

Scan for more

Stan

by Vccb Studio

Our best-selling sculptural side table by Urquiola, a tribute to the artisanal wood carving tools. Available in two heights, different finishes and with the option of including a handle to add character and versatility.

Serra

by Victor Carrasco

Serra is a side table with a functional design, ideal as a laptop holder in casual meetings, as it slides easily on the sofa thanks to its thoughtfully designed height.

**Serra is not available in USA or Canada.*

An all-rounder for contract, hospitality and educational projects. Stan adapts to every environment with the right proportion between functionality and design.

**Stan is not available in USA or Canada.*

Tiers

by Patricia Urquiola

Tiers is a refined reinterpretation of the traditional nest tables by Urquiola. Two tops with different heights joined together by a visually light support, designed to be a great ally to sofas and corners reserved for casual gatherings in working or living interiors.

Low tables

2/3

Shape

by Jorge Pensi

Shape is that decorative side table with a twist, a blend between minimalism and geometric design. Almost like a small sculpture, its balanced proportions and finishes make Shape a cult piece, adding a clever touch of color to any corner.

Cambio

by Victor Carrasco

In its low version, Cambio fits easily in any meeting or living room. Due to its carefully thought proportions and its refined silhouette, Cambio is a practical coffee table with a comfortable height to complement any of the sofas in our collaborative collection.

Giro

by Pedro Paulø-Venzon

Ryutaro

by Victor Carrasco

With a singular design that seems to be floating, Ryutaro adds a modern feel to any space. Pick two tables to achieve a nest coffee table set with some extra space. Available in different finishes such as warm oak wood, polished or lacquers.

Aleta

by Jaime Hayon

Aleta low table has the same curved silhouette that shapes the iconic family designed by Spanish artist-designer Jaime Hayon. It is that special object that lifts any working or living space, adding the right amount of character.

Low tables

Bamba

by Pedro Paulø-Venzon

**Common**

by Naoto Fukasawa

Our singular Common collection also includes a matching table, ideal to complement the bench of the same collection but also useful when seeking to upgrade any intermediate space.

Bamba represents the fine line between design and art. A cult side table with a sculptural soul that completely changes any interior. A true work of art that fills any space just with its presence.

Trino

by Elisa Ossino

Trino has a sculptural soul and the inherent elegance of a design capable of expressing and complementing all types of contract, hospitality and residential interiors.

Maarten

by Victor Carrasco

In the shape of a low table, Maarten is the ideal complement to a quiet working corner. A visually light low table available in different shapes and sizes to facilitate interaction.

Conscious Designs with a 10-year Warranty

We believe that sustainability means also designing and producing furniture that will stay with us for the longest time possible. Therefore, the concept of sustainability becomes important for us right from the furniture's conception and until the end of its useful life cycle.

Viccarbe's environmental management system **ISO 14001** and **ISO 9001** were first certified in 2007. This allows us to demonstrate and review our environmental performances and control the impact of our activities, services and products.

On 2024, Viccarbe has obtained the **SCS Indoor Advantage Gold certification**, both for seating (chairs, stools, armchairs, sofas, and benches) and tables. This certification, granted by SCS Global Services, ensures that our furniture complies with strict limits on volatile organic compound (VOC) emissions, contributing to a healthier indoor environment and certifying that it is suitable for sensitive environments such as offices, schools, and hospitals.

Product Environmental Profile certifications (PEP) are also available for our collections, with relevant data about materials and their impact on the planet.

We offer a **10-year factory warranty** on our indoor collections as we strive to produce the best quality furniture, while still innovating in new materials that respect our environment.

We know this is a long journey but we are convinced we are on the right path to continue to lead and implement more sustainable practices in the design industry.
